

Be Alert and Stay Secure

Government Railway Police, Haryana

- Be careful while travelling by train at night, especially between 12.00 midnight and 5.00 a.m., as there is high incidence of crime during this period.
- Always keep your valuables, like gold and silver jewelry, laptop, mobile phone and cash, in different bags and stay alert.
- Passengers occupying window seats, especially women, should stay alert, as a thief, while walking on the railway platform, can put his hand through the window of the coach and snatch their chain, mangalsutra, mobile phone etc..
- Be cautious when you talk on your mobile phone while standing at the door of the train or walking on the platform, as your mobile can be snatched.
- While the train arrives at the destination, passengers should not leave their luggage near the door or corridor; instead they should get off with their luggage only when the train stops at the platform.
- Take care of your valuables from criminals or mischievous elements hidden in the crowd, while you are at the ticket counter or on the platform or boarding or de-boarding the train.
- Do not take any food item or drink from unknown travellers.
- Every person wearing red clothes may not be a porter; please check his badge for confirmation.
